SUMMARY

Full Stack C# Coding bootcamp graduate with a diverse background in sales, service, education and the National Park Service. Having experienced limited access to technology during my career journey, I am driven by a personal mission to bridge the gap between isolation and modern connectivity. I am committed to leveraging my web development skills (including C#, HTML/CSS, typescript, etc.) to create innovative solutions that bring people closer together in this digital age. I am excited about the prospect of turning this passion into a fulfilling career where I can make a meaningful impact on enhancing connectivity and accessibility.
